ABOUT

An aspiring Mechanical Engineer eager to begin a career in the engineering industry. Interested in learning from experienced professionals, taking on new challenges, and applying engineering knowledge to practical work. Looking forward to contributing to the team, continuously learning, and growing with the organization.

EDUCATION

Bachelor of Technology in Mechanical Engineering <i>Vishnu Institute of Technology, Bhimavaram</i>	2023 – 2027 CGPA: 8.22 / 10.0 (Up to 6th Semester)
Intermediate (M.P.C) <i>Sasi Junior College, Tanuku</i>	2021 – 2023 Percentage: 91.6%
Secondary School Certificate (SSC) <i>Sri Chaitanya Techno School, Penugonda</i>	2020 – 2021 Percentage: 100%

INTERNSHIPS

SRM UNIVERSITY AP RESEARCH INTERN – DEPARTMENT OF MECHANICAL ENGINEERING	Jun 2026 – Jul 2026 Andhra Pradesh, India (Stipend: 8,000)
Performed numerical analysis of transient three-phase pipe flow involving air, water, and engine oil using ANSYS Fluent. Developed 3D computational geometry, generated optimized computational meshing, and configured VOF-based multiphase flow simulations to evaluate bubble formation and phase interactions under dynamic flow regimes.	
YAMAHA MOTOR INDIA PVT. LTD. MANUFACTURING ENGINEERING INTERN – CKD DEPARTMENT	Jun 2025 Chennai, India
Executed comprehensive time-study analysis in the CKD department to optimize packaging processes. Measured and recorded standard cycle times across multiple assembly workstations to identify line bottlenecks. Gained practical exposure to high-volume casting and assembly line operations through daily shop-floor observation.	

PROJECTS

AUTONOMOUS PRECISION AGRO-MACHINE FOR PLANTING & WEEDING	Team Lead of 5
Designed a lightweight autonomous agricultural machine concept for precision planting and weeding of row crops such as rice and onion. Developed complete 3D parametric assemblies in CATIA V5 and performed ANSYS Static Structural simulations to evaluate the frame's structural performance under operating loads.	

TECHNICAL SKILLS

CAD & Design:	CATIA V5 AutoCAD Fusion 360
Simulation & Analysis:	ANSYS Fluent (CFD)
Data & Office Tools:	MS Office Power BI (Basic)
Soft Skills:	Problem-Solving Analytical Thinking Adaptability Teamwork Time Management
Languages:	Telugu English Hindi German (Basic)

LEADERSHIP & ACTIVITIES

- Project Mentor:** Guided a first-year junior student team through the engineering design, component selection, and practical fabrication of an Oil Leakage Detection Prototype.
- Event Organizer:** Coordinated orientation programs for incoming junior students and organized technical workshops and departmental competitions.
- Student Success Centre (SSC):** Actively served as a Student Success Centre Member, organizing student development programs and leading institutional engagement activities.
- NSS Volunteer:** Contributed as an active NSS Volunteer in community social service campaigns and campus outreach drives.

ACHIEVEMENTS & CERTIFICATIONS

1st Prize: GEAR VIT, Mechanical Engineering Technical Event	Cash Prize: 3,000
1st Prize: Researchers Day, Vishnu Institute of Technology	Cash Prize: 3,000
2nd Runner-Up: Smart India Hackathon, College Level Selection	Cash Prize: 1,000
NPTEL Certification: Introduction to Composites (12-Week Course)
